

26th September 2017

Dear Parents/Carers,

Y5/6 Science Days at John Whitgift Academy

As part of our science curriculum Year 5 and 6 will visit John Whitgift Academy to take part in a science afternoon. This is the first of several opportunities which have been planned for the academic year enabling us to work closely with secondary schools. The children will be able to develop their scientific skills and take advantage of the facilities which the secondary schools can offer.

The sessions will take place from 12.30-3pm during school time. As the children will walk to and from the academy they will require a waterproof coat and sensible shoes as well as their usual school uniform.

The children will be back at Wybers Wood Academy by 3.20pm.

The dates for the visits are as follows:

Year 6 – 16th October 2017

Year 5 – 17th October 2017

Thank you for you continued support.

Yours sincerely

Year 5/6 Team
